Dear New Hampshire Legislators,

Independent Women would like to thank you for your willingness to work on legislation that aims to protect women's rights, privacy, and safety. Our organization has been leading the fight to define 'sex' and protect women's spaces and sports nationwide. We have reviewed the proposed legislation, SB 268/HB 148, and caution the advancement of this bill.

While we understand the bill is well-intended, unfortunately it is misguided and fails to safeguard single-sex spaces. SB 268/HB 148 only serves the purpose of stating it is not discrimination to establish rules based upon biological sex. It doesn't go any further than its stated purpose. Men can legally continue to self-identify into women's private spaces, such as restrooms, shower rooms, locker rooms, prisons, and athletics. **By including "gender identity" throughout the bill, it explicitly allows men to enter women's spaces and affirms an extreme assault on the erasure of women and single-sex spaces, which over 80% of the country opposes.**

In light of the President's recent Executive Orders relating to sex-based definitions and women's sports, as well as a federal district court ruling that struck down nationwide the Biden administration's attempt to redefine "sex" in Title IX to include "gender identity," now is the time to carefully and correctly clarify what unlawful discrimination is: allowing males to enter female-only spaces and take away opportunities for New Hampshire's women and girls.

We encourage you not to miss this opportunity to do the right thing and stand with women. This can be accomplished with a few simple revisions to the proposed bill, which are outlined below for your review. These changes will guarantee that the rights of girls and women in New Hampshire are protected.

Proposed edits to SB 268/HB 148:

- *Page 2, Line 8, Omit "gender identity"*
- *Page 2, Line 14, Omit "gender identity"*
- *Page 2, Lines 17-18 Omit in its entirety*
- *Page 3, Line 1, Omit "sexual or gender identity" and replace with "sex"*

Sincerely,

Beth Parlato
